## Institutional Research Committee IRC – Yearly Report

The Institutional Research Committee (IRC) is the research body constituted to promote and develop an environment of research in the institute. It is constituted by members who have active interest in research and dedication to the concept of institutional research assessment and planning. The meeting will be organized twice monthly (2<sup>nd</sup> & 4<sup>th</sup> Tuesdays of every month) as per submitted proposals. The secretary can call a meeting only if there are minimum 5 proposals for presentation. The 10 minute word presentation is advised in which title page with investigators details, Introduction with background, scope of the study, material method section with study design, period and setting of study, sampling/method of sample collection, study setting, sample size calculation, consent forms and check list (in word format preferable) and relevant references. The presentation should be followed by an open discussion of the proposal by the committee members. PI with the supervising teacher should present during the presentation. A meeting will be considered valid only if the quorum is fulfilled (5 members)
