

Vision

To be a foremost teaching hospital known for its excellence in **holistic healthcare, quality education and research.**

We are committed to translating the vision into action by:

- ▶ Employing the best possible staff.
- ▶ Providing state-of-the-art facilities in an eco-friendly ambience.
- ▶ Imparting affordable, inclusive, quality healthcare to all.
- ▶ Catering to the physical, emotional and spiritual needs of the patients.
- ▶ Following merit-based, transparent and non-exploitative admission procedure.
- ▶ Challenging our students to become forward-looking, dedicated health care personnel, with competence, integrity and compassion as their hallmarks.
- ▶ Instilling in the staff and students respect for life at every stage of its growth and in all its manifestations.
- ▶ Inspiring the students to reach out to the poor and the marginalized, especially those in the rural areas.
- ▶ Promoting innovative research that will benefit the humanity.
