Director's Message

Amala Institute of Medical Sciences has a dream about its trainees. We want them to be forward-looking, dedicated, and accomplished health care personnel imbued with compassionate love towards all, especially the poor and the marginalized, after the model of Jesus, the divine healer. In order to excel as a doctor, one must have deep knowledge of the subject, mastery of skills and a healthy attitude towards the patients and by-standers. I hope and pray the period of undergoing MBBS course would be fruitful and rewarding.

MAY GOD BLESS YOU

Fr. Julious Arakkal CMI
