### 8. Suggestions for Improvement

Please provide any additional comments or suggestions on how we can improve our services:

33 responses

None

My ward is in Matha gurls hostel and there is an immediate need to install mosquito nets in the hostel, we cannot compromise with health and safety of our wards and the network issue which the students raised in the hostel should be adequately and immediately taken into consideration. And the timings for hostel extension until 8.30 pm is also requested for their convenience. Academical and clinical support from the college is adequate thought sports and extra curriculum could be promoted more.

Ladies room need to be expanded, toiletries kept need to be removed, cleaning process taking place during breaks need to change the timing, hostel should allow atleast usage of kettle atleast for students physical mental help

Gghshdhhdhf

Suggestions:

INFRASTRUCTURE

1. Provide sufficient number of washrooms for girls in the college according to intake proportion .
2. Ladies Room must be spacious to accommodate dayscholars of all batches because time of lunch break is common to all .Toiletries must keep it in another room

DISCIPLINE:

3. Properly monitor ethical behavior among students during recess too ( in meeting already administrators suggested which was lacking in this group)

CURRICULUM:

4. Divide the topics and assign students to prepare maximum number of MCQs from allotted topics and prepare Question Bank by each departments which will be useful to secure good scores even for underachievers

Improvement in mess and hostel facilities.

The hostel for the girls can be improved in some ways. The curfew for them can be extended till 9, this will make travelling easy for kids who come from far away places. The college should provide leave on second Saturdays as kids who are from places like kannur can go home for the weekends.

Ac classrooms, WI-FI in hostels

On the academic level, it would be better if frequent test papers are conducted. Even though regular studies are going on serious studies happens only if exams are taken.

Please provide the following :

- 1) Hand wash in each washroom
- 2) AC in Hostels and Classrooms due to extreme hot weather
- 3) Change in Hostel food Menu (on Fridays, Saturdays and Sundays)

Nil

..

Kids are very frustrated by the over pressure that they are getting from the institution...like second Saturday also they are having class... sometimes it feels like they are over burnt out.... also the college must provide some leisure time for them once in a month...so that they might feel happy...since at the end of the day happiness of my child matters to me

Academics and posting are good.

All thanks to the good faculties

Thank you for this open portal

Nothing

Suggestion for mess cut for girls

Please provide ac

Should provide more practical experience

Very happy

Classrooms: AC classrooms

Hostel: WI-FI should be arranged ,curfew time should be extended till 9

Drinking water: not satisfactory in hostel

Please extend the curfew time to 9:30 so that library facility can be utilised to the fullest

Pls include fish in the menu

Pls give holiday at second Saturdays

Abt the hostel facilities;

Warden verbally abuses students for unnecessary things including

# when taking permission for extracurricular activities conducted by college

# taking part in events conducted outside and inside college

There was also incidence of targetting academically weak students which have resulted in detrimental effects on their mental health and in no way have improved their academics.

Please take this into consideration because this is a case of rising concern.

Hostel environment is not student friendly.

The girls are spilt into two hostels which affect their friendship and bonding.

Hostel mess should be improved, food menu should be changed

Need to improve the mess food..which is pathetic

Pls provide good tables and beds in men's hostel. All of them are worn out

WiFi in hostel ,curfew extension,

Improve the facilities like ac classrooms(will be a necessity for summer),well equipped laboratories,dust free classroom in clinical postings (which is a cause of recurrent allergy for my child),provide adequate fans in classroom.

It would be good if you can extend the curfew time for girls hostel.

It would be nice if you could implement the mess cut since most of the students don't take food regularly from mess.

Extend hostel curfew time for girls till 9pm  
So that they can use the library or Reading room.

Try to improve quality of the food

Bring same curfew time no matter what the time is to both Boys and girls. Sowing the seeds of inequality at this young age doesn't seem right.

Mess cut should be made available to girls hostel also even when not Going home.

Wardens should treat the students with respect and dignity. Got complaint regarding the attitude and language of the Warden.

**\*\*\*Thank you for your time and feedback. Your input is invaluable in helping us improve the experience for both students and parents.\*\*\***
