NOTICE**Subject: Launch of ECO CLUB – World Environment Day Initiative**

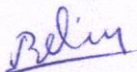

Greetings from Amala Institute of Medical Sciences!

We are delighted to announce the official launch of the ECO CLUB in connection with World Environment Day on June 5th, 2025, as part of our institution's long-term, sustainable green initiative.

The ECO CLUB is envisioned as a collaborative platform led by faculty and students, aiming to transform our academic environment into an eco-friendly and sustainable space through meaningful environmental actions.

A dedicated WhatsApp group is being formed to coordinate and share updates, events, and activities. All liaison officers are kindly requested to stay connected and actively support the initiative.

Let us work together towards a greener, healthier campus.
