Minutes of IPR cell meeting 2025**

Name of the Department	Intellectual Property Right (IPR) Cell	
Date & Time	22 January 2025, 10:00 AM	
Meeting Number	01/2025	
Venue	Discussion chamber at Chavara block	
Chairperson	Fr. Antony Mannummel CMI – Associate Director (Ex-officio Member)	
Members Present:	Name of the Faculty	Signature
	Dr. Kayeen Vadakkan – Scientist-C, Amala Integrated Medical Research Department (Convenor)	
	Dr. Deepti Ramakrishnan – Professor, Department of Pathology (Member)	
	Dr. Dijoe Davis – Associate Professor, Department of Orthopaedics (Member)	
	Dr. Sindhu Vijayakumar – Associate Professor, Department of Physical Medicine & Rehabilitation (Member)	
	Dr. Boney Rajan – Associate Professor, Department of Pharmacology (Member)	
	Adv. Phinergreev Alappatt V – Legal Advisor (Legal Expert)	

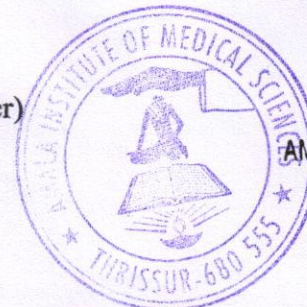

**Amala Institute of Medical Sciences, affiliated to KUHS
Minutes of IPR cell meeting 2025**

Agenda Points & Discussion				
Sl No	Agenda Item	Discussion/Decision Taken	Responsibility	Timeline
1	Review of submitted innovative ideas	Committee reviewed innovative ideas from departments.	IPR Cell Convenor	Immediate
2	Selection of top proposals for patent submission	Shortlisted for patent: Biofilm inhibition of Staphylococcus aureus by Ag nanoparticles derived from Hedychium speciosa rhizome extract. (Dr. Kayeen Vadakkan).	IPR Cell	Before next meeting
3	Selection of designs for registration	Shortlisted designs: Bioreactor for biocorrosion/biofilm studies; portable one-handed blood extractor; Ag nanoparticle device (Dr. Kayeen Vadakkan).	IPR Cell & Inventors	February 2025
4	Support for documentation and filing	IPR Cell will support inventors with patent/design documentation.	IPR Cell	Ongoing
5	Schedule next IPR Cell meeting	Next follow-up meeting in February 2025.	Convenor	February 2025

Agenda Points & Discussion				
SI No	Agenda Item	Discussion/Decision Taken	Responsibility	Timeline
1	Review of submitted innovative ideas	Committee reviewed innovation proposals submitted by faculty and researchers.	IPR Cell Convenor	Immediate
2	Shortlisting for design registration	Design shortlisted: H.A.P.T.I.C — Hemolysis Avoidance and Pneumatic Thermal Insulation Container.	IPR Cell & Inventors	Before next meeting
3	Documentation & filing support	IPR Cell will support inventors for documentation and filing procedures.	IPR Cell	Ongoing
4	Schedule next meeting	Next meeting in April 2025 to review patent/design filing progress.	Convenor	April 2025

**Amala Institute of Medical Sciences, affiliated to KUHS
Minutes of IPR Cell meeting 2025**

Action Taken Report(ATR) for previous meeting			
SI No	Decision	Action Taken	Status
1	Review innovative ideas submitted in January.	All ideas reviewed and evaluated.	Completed
2	Shortlist proposals for patent/design.	Patent and 3 designs shortlisted in January meeting.	Completed
3	Guide inventors for documentation.	Documentation and filing guidance initiated.	Ongoing
4	Schedule follow-up meeting.	Follow-up meeting held on 24 February 2025.	Completed
5	Monitor filing progress.	Review conducted in February meeting.	Ongoing

Agenda Points & Discussion				
SI No	Agenda Item	Discussion/Decision Taken	Responsibility	Timeline
1	Review progress of previous applications	The committee reviewed the status of previously submitted applications. It was acknowledged that both the patent and design submitted by Dr. Kayeen Vadakkan have been granted, marking a significant achievement for the institution.	IPR Cell Convenor	Completed
2	Review of newly submitted innovative designs	The newly submitted designs were evaluated. The following design was shortlisted for filing: Smart Wireless Bluetooth Stethoscope with LED Torch <i>Submitted by:</i> Dr. Rennis Davis Kizhakkepedika — Department of Pulmonary Medicine	IPR Cell	Immediate
3	Documentation & filing support	The IPR Cell will support the newly shortlisted inventor with documentation and filing processes.	IPR Cell	Ongoing
4	Plan next review meeting	The next meeting will review ongoing applications, newly granted applications, and new submissions.	Convenor	Next scheduled meeting

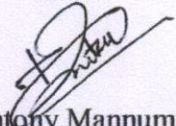

Action Taken Report(ATR) for previous meeting

SI No	Decision	Action Taken	Status
1	Review innovative ideas from February meeting.	Reviewed and evaluated.	Completed
2	Shortlist designs for registration.	H.A.P.T.I.C shortlisted.	Completed
3	Assist inventors with documentation.	Support provided to applicants.	Ongoing
4	Monitor ongoing filing progress.	Progress reviewed in April meeting.	Completed
5	Conduct follow-up IPR meeting.	Meeting conducted on 4 April 2025.	Completed

Agenda Points & Discussion				
SI No	Agenda Item	Discussion/Decision Taken	Responsibility	Timeline
1	Review of previously submitted applications	The committee reviewed the current status of previously submitted patent and design applications. It was officially noted that the design titled "Smart Wireless Bluetooth Stethoscope with LED Torch", submitted by Dr. Rennis Davis Kizhakkepedika, has been granted.	IPR Cell	Completed
2	Evaluation of newly submitted innovative designs	New design proposals submitted by faculty members were evaluated. After careful review, the following design was shortlisted for registration: Smart Portable Tissue Floatation Bath System Submitted by: Dr. Deepti Ramakrishnan, Department of Pathology	IPR Cell	Immediate
3	Documentation & registration support	The IPR Cell will support the newly selected inventor in preparing documentation and completing the registration process for the shortlisted design.	IPR Cell	Ongoing
4	Plan next IPR Cell meeting	The next meeting will focus on follow-up evaluation of ongoing technology applications and newly filed proposals.	Convenor	Next scheduled meeting

Agenda Points & Discussion

SI No	Agenda Item	Discussion/Decision Taken	Responsibility	Timeline
1	Proposal to conduct the IGNITE Programme	The IPR Cell decided to organize a special innovation programme named IGNITE , designed to encourage MBBS students to present new, original ideas. The best ideas will be shortlisted for design registration under the guidance of the IPR Cell.	IPR Cell Convenor	Programme scheduled for 18 September 2025
2	Structure and planning of IGNITE	The committee discussed the structure of IGNITE, including: <ul style="list-style-type: none"> • Student presentations of innovative ideas • Evaluation panel comprising IPR Cell members • Criteria for selecting entries for design registration • Awareness session on intellectual property and innovation for students 	IPR Cell	Pre-event preparation to be completed by 15 September 2025
3	Logistics and event coordination	Event arrangements, including venue setup, communication to departments, student invitation, and schedule finalization, will be coordinated with the MBBS Academic Office.	Convenor & Academic Coordination Team	Ongoing
4	Plan next review meeting	The next meeting will review ongoing applications, newly granted applications, and new submissions.	Convenor	Before 16 September 2025

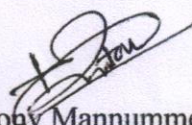

Action Taken Report(ATR) for previous meeting			
Sl No	Decision	Action Taken	Status
1	Review ongoing patent/design filings.	Reviewed; progress recorded.	Completed
2	Evaluate new copyright proposals	Three entries shortlisted in July meeting.	Completed
3	Assist applicants with documentation.	Ongoing support provided.	Ongoing
4	Plan July follow-up meeting.	Meeting conducted successfully on 24 July 2025.	Completed
5	Review progress of copyright registrations.	Updates reviewed during July meeting.	Completed

Agenda Points & Discussion				
SI No	Agenda Item	Discussion/Decision Taken	Responsibility	Timeline
1	Presentation of new design idea	A new innovative design titled "Vacuum-Assisted Feeding Equipment for Children with Cleft Lip" was presented by Dr. Kalyani Pillai (Dept. of Paediatrics). The concept aims to provide improved feeding support for infants with cleft deformities. The committee appreciated the novelty, clinical utility, and patient benefit of the design.	IPR Cell	Immediate processing for documentation
2	Decision regarding design registration	After reviewing the concept, the IPR Cell recommended proceeding with design registration. The Convenor will assist with application drafting, prior art search, and KUHS documentation support.	Convenor	Within two weeks
3	Documentation and technical drawings	The committee advised preparing detailed sketches, functional descriptions, and prototype justification for submission.	Convenor & Academic Coordination Team	Ongoing
4	Plan next review meeting	The next meeting will review ongoing applications, newly granted applications, and new submissions.	Convenor	December 2025
