

Report - Honoring the Mentors: Doctors' Day Tribute to Retired Faculty at Amala Medical College, 2025

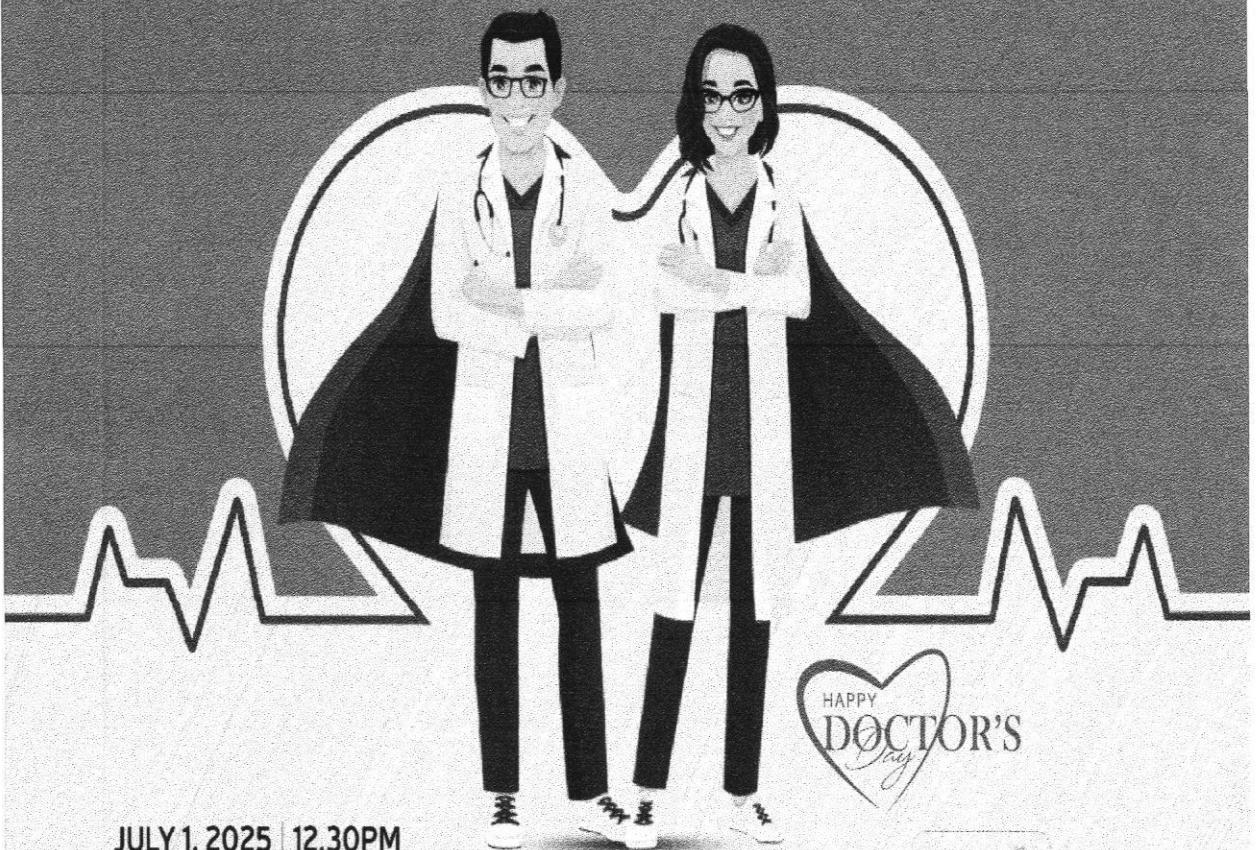

Amala Medical College held a warm and dignified Doctors' Day celebration in honor of its retired doctors. The event began with an inaugural address by Director Fr. Julius Arackal, whose words set a tone of heartfelt gratitude. Principal Dr. Betsy Thomas and former Principal Dr. N.V. Swarnam delivered moving speeches, sharing anecdotes and reflections on the retired faculty's invaluable years of service. Their remarks helped underscore the institution's deep respect for those who shaped its history and culture.

Tokens of appreciation were presented to the retired doctors as a gesture of thanks for their dedicated contributions. The ceremony emphasized personal recognition over grandeur—focusing on genuine sentiment rather than ceremony. This sincere acknowledgment fostered a strong sense of belonging and affirmed the community's gratitude toward its long-serving members.

Such celebrations go beyond mere formality: they nurture morale, reinforce institutional loyalty, and build emotional connections that benefit both current staff and alumni. When leadership publicly honors its predecessors in this manner, it sends a powerful message: that each contributor's legacy is valued and remembered long after formal duties conclude

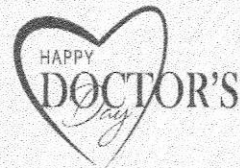

HONOURING *our* VETERANS

JULY 1, 2025 | 12.30PM
@AMALA AUDITORIUM

Stay for our complementary lunch.
We appreciate your dedicated service
