

Vision & Mission

Vision

To be a foremost teaching hospital known for its excellence in holistic healthcare, quality education and research.

Mission

We are committed to translating the vision into action by:

- Employing the best possible staff.
- Providing state-of-the-art facilities in an eco-friendly ambience.
- Imparting affordable, inclusive, quality healthcare to all.
- Catering to the physical, emotional and spiritual needs of the patients.
- Following merit-based, transparent and non-exploitative admission procedure.
- Challenging our students to become forward-looking, dedicated health care personnel, with competence, integrity and compassion as their hallmarks.
- Instilling in the staff and students respect for life at every stage of its growth and in all its manifestations.
- Inspiring the students to reach out to the poor and the marginalized, especially those in the rural areas.
- Promoting innovative research that will benefit the humanity.

Values

- Honour
- Compassion
- Abundance
- Ethical professionalism
- Homely Feeling

Quality Policy

"Redefining care every day in every way"

Amala Institute of Medical Sciences is committed to academic excellence, innovation, ethical and patient centered care. We strive to become a global center of excellence in medical education and research by embracing the latest in medical practice, research, technology and collaboration through the integration of innovative technologies and value based education.

Quality Objectives

Amala Institute of Medical Sciences is committed to:

- 1. Student Centric Teaching and Learning:** Encourage active participation, problem definition and solving and experiential learning in a nurturing environment with faculty feedback.
- 2. Continuous Improvement of Skills and Competencies:** Implement robust mechanisms for the continuous evaluation of competencies and skill based learning to shape quality healthcare professionals.
- 3. Faculty Employment and Development:** Recruit highly qualified faculty and organize continuing education programs (CDEP), workshops and skill building initiatives to uphold global standards of pedagogy and clinical expertise.
- 4. Ethical and Professional Standards:** Promoting the acceptance of integrity and empathy in all academic and clinical practices.
- 5. Research:** Foster a solid, data research environment that encourages collaborative practice and translational healthcare innovations.
- 6. Community Engagement:** Conduct outreach programs, preventive health campaigns, establish outreach centers and implement social responsibility initiatives for community well-being.
- 7. Digital and Infrastructure Advancements:** Upgrade simulation labs and smart classrooms with AI driven tools for cutting edge medical education and research and enhance digital platforms to improve patient care.
- 8. Quality Culture:** Continuously improve processes to achieve an Evidence based high standards to ensure national academic and clinical accreditation system.
- 9. Wellness of the Amala Community:** Promote the holistic development of students and faculty - physical, social, spiritual and mental well-being - to help them cope with stress and challenges.

Philosophy

We believe in fostering a comprehensive and comprehensive system of medical education that empowers the holistic development of our students. Our Philosophy centers on the integration of scientific excellence, ethical integrity and humanistic care.

A Home for Total Healing
