ELSEVIER

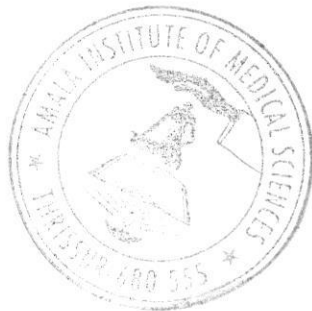

Advancing human progress together

Visit: www.clinicalkey.com Register if you are new user OR Login if you already have your credentials.

The screenshot shows the ClinicalKey website interface. At the top left is the Elsevier logo and the text "ClinicalKey". At the top right are links for "English", "CME/MOC", "Login", and "Register" (the "Register" link is highlighted with a red box). Below the navigation bar is a search section titled "ClinicalKey - Lead with Answers" with the subtitle "Search for conditions, treatments, drugs, books, journals and more". It features a search bar with a dropdown menu set to "All Types", a text input field containing "Type your search", and a "Search" button. Below the search bar is a section titled "Browse clinical content" with the subtitle "Diagnose conditions and validate decisions". This section contains four columns of content: "Clinical Overviews" (with a right arrow and subtitle "Comprehensive topic summaries"), "Drug Monographs" (with a right arrow and subtitle "Drug and dosing information to"), "Calculators" (with a right arrow and subtitle "Interactive tools to support"), and "Drug Class Overviews" (with a right arrow and subtitle "Identify best treatment options").

Access Type 1: IP Access

Once logged in, click on your name to view your access type and confirm whether you are connected through the registered IP range of **Amala Institute of Medical Sciences**.

The screenshot displays the ClinicalKey website interface. At the top left is the Elsevier logo and the ClinicalKey brand name. The main search area features a large input field with the prompt "Search for conditions, treatments, drugs, books, journals, and more". Below this is a filter dropdown set to "All Types" and a "Search" button. A secondary search bar contains the text "Type your search". Below the search bar are links for "Search History" and "Saved Searches", and a button for "Ask ClinicalKey AI". On the right side, a user profile menu is open, showing the user's name "Dr" and a list of options: "IP Access (change)", "Settings", "CME/MOC 1", "Change Language", "Saved Content", "Presentations", "Change Organization", "Remote Access", and "Log Out".

Inform your clinical decisions

ELSEVIER

Access Type 2: Self Managed Remote Access – via Amala Domain Email ID – “amalaims.org”

After Log in, Click on your name on the top right and choose “Remote Access”

The screenshot displays the ClinicalKey website interface. At the top left is the Elsevier logo and the text "ClinicalKey". In the top right corner, the user's name "Durga Marakala" is displayed next to a profile icon and a menu icon. A dropdown menu is open, listing several options: "Durga Marakala TechSquad Internet Upgrades (change)", "Settings", "CME/MOC 233", "Change Language", "Saved Content", "Presentations", "Change Organization", "Remote Access" (which is highlighted with a red box), and "Log Out". Below the navigation bar, the main content area features a search bar with the text "ClinicalKey - Lead with Answers" and "Search for conditions, treatments, drugs, books, journals and more". The search bar includes a dropdown menu for "All Types", a text input field for "Type your search", and a "Search" button. Below the search bar are links for "Search History" and "Saved Searches". Further down, there is a section titled "Browse clinical content" with the subtitle "Diagnose conditions and validate decisions". This section contains four columns of content: "Clinical Overviews" (with a description "Comprehensive topic summaries"), "Drug Monographs" (with a description "Drug and dosing information to"), "Calculators" (with a description "Interactive tools to support"), and "Drug Class Overviews" (with a description "Identify best treatment options").
